

## DATATrue Debuts ALERT1One™ Skip-Trace Database – Discount Pricing Offered to TARA Members

Spear-headed by Buddy's Home Furnishings CFO, Terry Beville and the Florida Rentals Dealers Association, DATATrue recently announced the national release of ALERT1One™, creating the RTO Industry's most comprehensive back-end skip-trace database ever.

ALERT1One is now available to all TARA members at a discounted monthly subscription rate as a result of TARA membership!

"The executive and development teams at DATATrue have worked closely with members of the FRDA for over 8 months in the development of ALERT1One™, says Dan Jobrack, DATATrue Vice President of Sales. "The result is the first comprehensive skip-trace database exclusively designed to solve the Rent-To-Own Industry's need to find skipped rental customers."

Deemed in full FRCA compliance by Ed Winn, General Counsel for the APRO association, ALERT1One™ is a skip-tracing database that allows subscribing companies to electronically share charge-off and/or skip/stolen records between companies on the back end. Fully integrated with DATATrue's front-end customer verification services, ALERT1One™ is also the only skip/stolen/charge-off database to provide subscribers instant email alerts of current activity of these mutual customers.

Here is how the ALERT1One™ back-end skip-trace database works:

Subscribers electronically submit charged-off skip/stolen records to ALERT1One™ on a monthly basis. Automatic exports or other methods of transmission are currently available from all RTO Software packages.

If a skipped customer from *ABC Rent-To-Own* attempts to rent merchandise or conduct any business from *XYZ Rent To Own*, and *XYZ Rent-To-Own* is a DATATrue subscriber (front end OR Alert1One™) and verifies the potential customer's social, address, telephone etc. through the DATATrue online system, *ABC Rent-to-Own* is instantly emailed their skipped customer's current contact information.

Subscribers to ALERT1One™ can also log into the DATATrue system at anytime and, for back-end skip-tracing collection purposes, view DATATrue inquiries made on a particular skipped customer submitted by other DATATrue users, as well as view charged-off account data from other ALERT1One™ subscribers. Shared charge-off information provided generally includes: Customer Name, Address, Telephone, Original Rental Date, Current Balance, Past Due Balance, Terms, Date Last Paid, # Of Payments Made, # Of Bad Checks, # Of Times Late Over 30 Days, # Of Times Late Over 60 Days, # Of Times Late Over 90 Days, and Merchandise Stolen. (See attached copy of an ALERT1One™ Skip-Trace Report)

Unlike other previous unsuccessful attempts at skip-trace databases, ALERT1One™ is not simply a subscriber-based system, rather ALERT1One™ subscribers benefit from inquiries and front-end customer verification results submitted by **all** current DATATrue users (20,000+ to date) including: RTO's stores, payday loan operators, Finance and Short-term loan companies, title and signature loan companies, hospitals, cell phone providers and more.

**TARA members receive a 50% discount off the regular retail subscription rates, plus –**

**FOR A LIMITED TIME ONLY:**

An additional special discount is now being offered:

*New TARA ALERT1One™ subscribers who upload 12-18 months of charged-off's within the first 90-days will receive an additional 15% discount for 90 days. New TARA subscribers who upload 24-36 months of charged-off's within the first 90-days will receive the same 15% discount for 6-months.*

For more information on ALERT1One™ or any of DATATrue's identity verification and electronic banking services, visit us at [www.datatrue.net](http://www.datatrue.net) or contact RTO Executive Account Manager, Steve Lenhart at: 662-253-5014 or email [steve@datatrue.net](mailto:steve@datatrue.net).

# ALERT1One™
